Alila Diwa Goa is offering those suffering from the winter blues the perfect escape with its new 'Diwa by Design' package. Available from December until the end of March, the package includes a seven-night stay at The Diwa Club (an exclusive private wing within the resort); unlimited spa treatments, dining at the resort's various restaurants and most importantly guaranteed sunshine, with temperatures firmly in the late twenties and early thirties throughout the winter months.

Located near Gonsua Beach in Majorda, Alila Diwa Goa is a tranquil sanctuary set amidst the serene landscape of lush rice plantations and the Arabian Sea. Savvy travellers and sun seekers can bask in the warmer climes of South Goa, explore the local area and take advantage of the hotel's stunning infinity pool.

With unlimited treatments at the luxury nine-room Spa Alila, included in the package, guests can benefit from an array of therapies that combine the wisdom of ancient Asian healing techniques with the curative benefits of fresh, natural ingredients as well as Ayurvedic treatments.

An Alila Diwa Goa highlight is the 'Skinny Moccocino', a scrub, massage and body polish therapy using rich cocoa, coffee and coconut to tone your skin, leaving it radiant. Locally grown coffee is used to gently exfoliate while the caffeine draws out impurities, with coconut providing deep skin conditioning.
